- Amy welcomed everyone.
- Introductions

ACTION ITEMS	PERSON RESPONSIBLE	DEADLINE
None		

OLD BUSINESS

DISCUSSION	Amy reported on old business

- **Ambulance Task Force:** The task force is not going to contract with a consultant to put together a ballot initiative; we are going to investigate other funding sources.

ACTION ITEMS	PERSON RESPONSIBLE	DEADLINE
None		

NEW BUSINESS

DISCUSSION	None

ACTION ITEMS	PERSON RESPONSIBLE	DEADLINE
None		

AGENCY REPORTS

DISCUSSION	Agencies reports are as follows:

- **BOS:** Not present.
- **EMS and LEMSA:**
  Westside Ambulance- They are using the Kelly Schedule (full time staff scheduled 2 days on and 4 days off).
  Enloe Ambulance- Nothing to report.
  S-SV EMS- S-SV has 2 offices one in Redding and one in Rocklin. They serve Butte, Glenn and north to Siskiyou. John does the RDMHS, MCI trainings, accreditation class, medical control class,

EMS plans for all its regional counties (10), and updates the 10-county communication plan for the state. John reviewed the role of the RDMHS and the connection between the county and the state.

- **OES/Law**: Amy Travis is working on an MOU for evacuation and shelter of animals. She is working on identifying space for an Emergency Operations Center (EOC) and is working with HHSA to use their new space in Orland during emergencies. She continues to work with FEMA and CalOES on the recovery application from the events in February. Todd mentions the Sheriff's Office is in transition of taking over the Willows Police Department and will be fully staffed in October. They now can have 24 hour patrol in the City of Willows.
- **Fire**:

  Hamilton Fire- Hamilton city approved for S-SV to teach title 22 first aid. No dates yet. It will be nice to get that level of training in house.

  Orland Fire- Orland Fire will participate in the active shooter drill on Saturday October 7th. It will be a great training exercise; it has not been done formally (full scale). They had a 3 day fire in Stony Creek.
- **HHSA**: Grinnell welcomes Laura as the new Emergency Preparedness Coordinator. She is currently running Carolyn's former position right now so anyone interested may apply. Flu clinics will be in October. HHP & PHEP are in exercise season; they will have their table top on active shooter training today and will participate in the Statewide Medical Health Exercise on November 16. They will be reaching out and doing drills, resource testing and CAHAN communications.
- **Healthcare Facilities:**

  Glenn Medical Center- The new CEO is Tim Mirand; he has been there for 3 weeks now. Barbara is still the administrator. GMC will be more involved in the community like at the Willows Car Show. GMC made a donation to the Lions Club. The Splendor in the Valley went well. They can power the Butte County EMS ambulance. GMC is looking forward to participating in the upcoming exercises. GMC continues their Platinum Club (for seniors) with guest speakers. GMC plans to update and keep up with the requirements.

  NVIH- Their focus this month is on national preparedness month. Their new administration building is coming along. They had a lock down event in Chico due to an active shooter in the neighborhood. They did their fist AAR and had the hotwash; tomorrow they will meet to address the findings. Last month all staff 270 staff in 4 counties did training on active shooter workplace violence with a focus on de-escalation. They are working on meeting the new CMS rules. Vicki is not sure if their dental only clinics to also follow the new CMS rules. Vicky was referred to Ruth Ann in Tehama. Flu clinics will be held in Grindstone and all of their facilities.

  Willows care- They did a training/drill for all staff to participate. Their maintenance director retired. He encouraged others to bring their policy and procedures binders to the table top. One of their facilities in Sacramento closed. They are getting back in the community. The held 20 meetings a week internally. Working on getting new staff.
- **CUPA/Air Pollution Control**: They have applied for the hazard emergency grant from CalOES to do a commodities flow study to provide reports to interested parties. The fall burn season has begun and will continue until November. Two weeks ago the Sacramento valley was affected by air pollution and an announcement was sent to schools and health care facilities. They will update their contact list. For air pollution you may go to Airnow.gov. In the future a copy of press release will be sent to Amy so it can be passed along to MCC partners. They have been working with Genesis and completed a HazMat inspection.
- **Community-based Organizations**

  American Red Cross (local)- Mary has been deployed 4 times and has been on standby twice. Cal-OES staff arrived at a Butte County shelter. Access and functional needs clients were identified but it was difficult to address some of the specialized needs due to limited equipment availability. Amy Travis stated that Glenn & Butte will be working together now that they have joint HPP coalitions and will be working on medical needs in the general shelter; for example having in the Medical Shelter plan with limited medical shelter within a general shelter with ability to transfer to healthcare facility partners.

UPCOMING TRAININGS AND EVENTS

DISCUSSION	The following trainings and events are available:

- **Glenn County/City of Orland MCI Exercise:** Friday and Saturday, October 6-7, 2017, 0800-1500 at CK Price Middle School in Orland. This will be a full scale exercise and training for fire/rescue/EMS and law enforcement to safely and effectively partner with law enforcement and for law enforcement rapidly deploy and neutralize violent offenders during active shooter.

- **Statewide Medical-Health Exercise:** The table top exercise is today, Tuesday, September 13, 2017, 1300-1500 at Willows HHSA 420 E. Laurel St. Willows. The functional exercise will be November 16, 2017.
- **Key Message Development & Delivery training:** Tuesday, November 7, 2017; 0900-1200 at the Glenn County Office of Education 311 S. Villa Ave. in Willows. Training will support your day-to day communications and during emergency or crisis situations; it is designated for department managers and those responsible for public information.
- **Cyber Security Training Series:** these trainings will be done by Texas AMA; there will be a 25 minimum seating as required by FEMA. More information to come.
- **ICS 300/400:** Glenn County OES will be hosting ICS 300 will be Monday- Wednesday, January 29-31, 2018; ICS 400 will be Wednesday-Thursday January 31 - February 1, 2018. The prerequisites for ICS 300 are ICS 100,200,& 700 and the prerequisite for ICS 400 is ICS 300. There will be fire certification for those that need it. Seats will be limited. It will be held in the new HHSA building in Orland.
- **California Creating Community Circles for Change-C4**: October 3-5, 2017 this event is focused on community engagement
